GENERAL PLAN UPDATE BEGINNING

Every 10 years, the General Plan is required to be ratified by the voters. The current General Plan was adopted by Council on May 19, 2009.

The process for updating the General Plan was put on hold due to Covid-19 and the Town wanting Public participation in the process.

A Steering Committee was appointed earlier this year, but due to a conflict, one member has withdrawn from the committee.

The Town has contracted with PLAN*et to assist in the General Plan update. State Statute mandates that municipalities prepare General Plans in accordance with "Growing Smarter" legislation. These plans are comprehensive and describe the vision, goals and policies of the Town. The document identifies a staff responsibility to identify how each proposed Council action relates to the following values:

- Active Citizenship
- Sustainable Development
- Creating Community
- Self-Reliance
- Efficient Public Services
- Limited Public Services
- Durable Public Improvements

Scope of Work

Much of the information in the current adopted General Plan mentioned above including, but not limited to, various elements, tables/charts, maps, and goals and policies are anticipated to be retained and/or updated where necessary. The Town of Dewey-Humboldt included all the following elements in our current General Plan and will be included in our update: Land Use; Circulation; Open Space/Trails; Growth Area; Environmental Planning; Cost of Development; and Water Resources. Optional Elements for Consideration: Conservation;

Aggregate; Recreation; Public Buildings; Housing; Safety; and Energy.

The consultant will initially, as Phase 1, be assisting the community in evaluating and appraising the effectiveness and continuing relevance of each element of the existing plan and exploring with the community any new elements needed to be added. Phase 1 is to be the focus of this first phase.

The results of the evaluation and appraisal from Phase 1 will be used by the firm contracted to develop the scope of work for the update of each element and the development of the new elements, including background data, analysis, and goals and objectives, as Phase 2 under separate contract.

Additionally, the consultant will provide support in recommending plan framework, coordinating facilitating citizen participation and community outreach, plan editing and drafting, data collection and analysis to support the update of each element as, including graphics and diagrams, maps, public surveying, public meetings, staff meetings and any related items that are necessary in moving the update of the General Plan forward in a manner consistent with Arizona Revised Statutes, Town of Dewey-Humboldt Laws and Regulations and in concert with the goals and policies of the Mayor and Council.

It is anticipated that additional elements may be included to support various Town goals and policies identified through this process.

SNOW REMOVAL PLAN

In the event we receive heavy snow, the Public Works Department will start with the main collector/feeder roads throughout Town, then work into the smaller neighborhood roads. We will get to all Town owned roads as quickly as possible. The snowplow blade is wide, and the truck has to move slowly in order to effectively remove the snow.

When snow removal is in process, there may be traffic delays on Town owned roads. Your patience would be appreciated.

During a snowstorm, we also ask our residents to avoid parking vehicles on the roads. Vehicles parked on the roads may become an obstacle for the Town's truck to remove snow.

A big thank you goes out to the Public Works Department for all of their hard work and hours involved in the last snow storm!
