[Information about Yavapai County Recorder's Office Fraud Guard Service](#)

REMINDER: The Yavapai County Recorder's office now offers a FREE service to all citizens called Eagle Fraud Guard on our self-service document searching website. Citizens who are concerned about potential deception through recordings in Yavapai County are encouraged to take advantage of this service.

Eagle Fraud Guard allows citizens to proactively monitor and be alerted when a document is recorded in a specific individual's name and/or business name in Yavapai County. When documents are recorded, meeting a citizen's search criteria, an email is automatically generated and sent to the citizen notifying them of the recording. The email provides basic information about the document, as well as a link back to the document image for review by the individual or business.

When entering names to be monitored, be mindful there are many people who share the same name. Just because you receive a notification, you may not be the individual or business affected. Therefore, it's very important to review the document image provided.

This is not an automatic notification. Those wishing to use this service must subscribe with their email. Citizens may unsubscribe from this service at any time as well as change or update criteria being monitored.
